

Minarc Cooler 05

MIC05

Independently powered cooling unit for Minarc T DC models. Uses a 1-phase 230 V power supply. Offers 0.5 kW cooling capability.

Technical data

Description	Value
Supply voltage	220...240 V \pm 10 %
EMC class	A
Tank volume	2.7 l
Cooling power at 1 l/min	0.5 kW
Maximum coolant pressure	0.5 MPa
Recommended coolant	MGP 4456 (Kemppi mixture)
Operating temperature	-20 ... 40 °C
Storage temperature	-40 ... 60 °C

Description	Value
Degree of protection (fully installed)	IP23
External dimensions, length	506 mm
External dimensions, width	215 mm
External dimensions, height	215 mm
Weight without accessories	10 kg
Standards	IEC 60974-2,-10, GB/T 15579.2
